

Hello! We hope you've had a fabulous year with your horses!

As we round off 2024 and look forward to 2025 we hope you enjoy reading our newsletter. As always, we are here for our breeders and clients during the ups and downs of breeding and look forward to speaking with you very soon.

A Whistle Stop Tour of some highlights...

Horses owned by our clients have seen some great successes across the world this season including one gaining it's Stallion License in Europe, the first foal graded in Australia being awarded Elite, a HOYS Reserve Champion and a grand-daughter of one of our stallions taking the Young Event Horse title in the USA, to pick out just a few highlights.

The Olympics was fantastic for FSH. **Lordships Graffalo** who is the paternal brother to Future Gravitus as well as closely related maternally to several of our mares took a Gold for TeamGB, and **Shenae Lowings** was part of the Australian Team. It's exciting that Shenae is using our stallions to produce a pipeline of rides for herself in Australia.

What's New...

We are delighted to announce that we are now the approved UK supplier for **UltraFlex Foal Saver rugs**. You may have seen our social media posts of our foals wearing them. We have been using them for nearly 20 years and are impressed by the fit, comfort and warmth these truly unique rugs provide for our foals. For more information please visit our website.

We are thrilled that our long-term supporters **Botanica** have generously offered to give a 10% discount off their product range to any FSH clients if you enter *our code* on their website when ordering. Just visit our 'Equine Products' page on our website to download your code.

We have also been approved by **Klarna Finance** and can now offer their finance facility on horse purchases. So if you thought that your dream horse was out of reach, perhaps it isn't! Please do get in touch for more information.

Last year we launched our **Custom Embryos** service which offers breeders the opportunity to breed their dream horse from one of our broodmares, selecting their choice of stallion for embryo transfer. This has proven very successful with foals now due for international clients. If you'd love to design your own foal from one of our mares please do get in touch. Details of all our mares are available on our website.

Stallion News

Future Guilty Pleasure (Levisonn x Cantoblanco)

Due to unprecedented demand for 'Leo' at stud we took the difficult decision to take him out of training and stand him at stud during 2024. Having progressed from BE100 to Intermediate in just 3 months in 2023, including winning a BE100 on a mark 18.5, 2nd at Novice level, and 3rd at Intermediate, as well as 13th in his first CCI2* with Izzy Taylor, we were excited about 2024 so it was difficult choice to take a 'gap' year. After a packed 2024 stud season, we are delighted that CCI5* rider **Alex Bragg** has agreed to take the ride on him. Leo has already settled in with Alex and he commented:

"I am so excited to have the opportunity to train and compete such an athletic horse. Future Guilty Pleasure is naturally gifted for all disciplines which is every rider's dream"

Hester's foal by FGP

We thrilled that both **Laura Collett's** CCI5* mare Hester owned by Lucy Nelson not only had an ICSI foal by him born this year but has another one due in 2025. Guilty Pleasure was invited to parade at Badminton Horse Trials this year and Laura did a great job showing him off! Olympic Individual medallist **Tina Cook** also had a fabulous foal by him this year so lots to look forward to!

His stock have seen considerable success around the world with his son **Future Perfect Pleasure** (bred by FSH) who was crowned the British Breeding Futurity National Champion Eventer in 2021 and subsequently sold to Europe, going on to be awarded his Stallion License by the Anglo European Studbook and being crowned Joint Vice Champion 3 yr old Stallion across all disciplines at the Licensing. Our congratulations go to his owner Marzenna Walden.

Future Perfect Pleasure

The first offspring by Guilty Pleasure to debut in affiliated eventing was **Future Cloudy Pleasure** bred by FSH and owned by the McGrandles. This beautiful mare had four runs, winning two of them with Sean Henderson. It was really exciting to see a foal that was well received at foal inspections go on to turn potential into ridden results. In the Show ring his stock also excelled with Laura Bonner's **Tyrellcote Basil** taking the Champion Foal title at Blakesley Show. Guilty Pleasure also caught the eye of Showing breeders this year including Paul and Frances Atkinson whose Champion mare **D'Aamsen** in foal to him.

Future Cloudy Pleasure

Precieux Guggenheim

Precieux Guggenheim bred by Sandra Ransome at Precieux Park Stud was his first Australian-born foal to be inspected and he was awarded Elite status by the WBFSh member group ACE at their Breeding Inspection and Assessment Tour.

There were some great results at the British Breeding Futurity again this year for stock by Guilty Pleasure with the 3rd and 6th Highest Scoring Eventers across all age classes being by him, including the Elite foal **Future Icy Pleasure** bred by FSH, Elite yearling **Jamaikin At Her Majesty's Pleasure** bred by Annie Makin, 3yr Old National Eventing Champion **Phantom Adamo** and 2yr old Section Winner **Notr'Adamo** both bred by Emily Nicol.

Future Gravitas (Grafenstolz x Bohemond xx)

'Vinnie' had another bumper year at stud attracting both top-class sport and showing mares with his offspring delivering the results in both spheres.

Arden Juju continued his great form from 2023 which included a win at Chatt Hills CCI3* in the USA. His incredible consistency saw him finish in the top 7 in all his events this year with his best results including winning the Open Intermediate at Fair Hill and taking 3rd at Tryon CCI3*-L where they were the only combination inside the time XC. **Arden Juju** himself had semen collected as a young horse before being gelded and sired **Arden Jojo**, also bred by Anita Antenucci, who won the USA 'Bred to Event' 2 Year Old Championship this year – congratulations Anita!

Another son of Gravitas, **Cornsay Invincible** made his debut in 2024. He was an Elite graded foal at the Futurity and in his first year eventing has never been out of the Top 10, progressing through to Novice effortlessly. Congratulations go to his breeder Louise Smales and riders Charlotte Donald and Jack Mantel.

Valeroyal Secret Man showed his great form moving up to Intermediate, taking 7th place at Osberton CCI2*-L and 5th in the Novice Masters for breeder Lynn Salmon, owner Alexander Mawdesley and rider Rachael Slinger. **Tattler** also had a great result in the CCI2*-L Juniors with owner/rider Eugena Barker.

In the show ring **Stage Glory** owned and bred by Virginia Russell-Wood and produced by Simon Luck, took wins in the Light Horse Yearling classes at both the British Show Horse Association Championship and Three Counties.

Future Hepsilon (Upsilon x Heraldik xx)

After a frustrating last 18 months bringing 'Woody' slowly back from the injury he suffered in a stable whilst away having semen collected, we are delighted that he's had the all clear from the vets and he's now back in work and loving it! Woody jumped double clears in all 3 National 5yo finals and was only one of 2 horses in the UK to take a Top 12 place in all of them and we are looking forward to recommencing his competition career.

He is proving a very interesting stallion for breeders across the world with his direct combination of Upsilon and Heraldik blood. Upsilon is really making his mark as a producer of performance horses.

Hepsilon's dam has now produced a CCI5* eventer, a CCI4* eventer and a CCI3* eventer as well a Young Horse Show Jumping Champion – quite some mare! Hepsilon's maternal sister **Opposition Heraldik Girl** ridden by Kirsty Chabert reached the pinnacle of the sport this season by competing at two CCI5*s – Pau and Luhmuhlen - jumping double clears at both and taking 6th place at the latter. Her sister **Heraldiks Girl Opposition** also moved up a level to CCI4*, finishing in 15th place at Ballindenisk. We are delighted that Kirsty is so convinced by the performance in this family that she has put one of her own International mares in foal to Hepsilon this year. We can't wait to see the result!

Offspring by Hepsilon have been purchased for Olympic and CCI5* riders from the USA to Europe, and by WBFSh Leading Breeders to add to his genetics to their breeding programmes. His first crop of foals will be 4 year olds in 2025.

Future Prophecy xx (Power Blade xx x Hand In Glove xx)

'Steve' spent the 2024 season standing at home with us and we were thrilled that he was used by both TeamGB medallists, HOYS Producers and amateur breeders alike on a selection of lovely mares.

Future Prophecy foal in Kenya

Prophecy is consistently adding leg length and gallop to jump bred mares. He is also in demand for sport breeding in Kenya and we are delighted to be working with a well established programme out there who had their first foal by him this year and were so pleased they bred straight back to him with a second foal due in 2025 – both mares taking first time to frozen semen. His foals are being bred and purchased for CCI5* riders from the USA to Europe and Australia.

TeamGB Olympic Individual Silver medallist and renowned thoroughbred lover **Kristina Cook** nominated her European medallist to Prophecy which is a wonderful endorsement for him.

Future Prophecy

Future Paradigm 2yo Liberty Champion USA

Two of his maternal siblings have now been purchased for CCI5* riders and exported to Europe and the USA. His maternal sister **Future Paradigm** has been syndicated with a CCI5* rider which is an exciting development. Feedback about Prophecy offspring continues to be extremely positive, with size, athleticism and good temperaments being consistent themes. His first offspring should be out competing under saddle in 2025.

Future Prophecy

Future Illusion (Fleetwater Opposition x The Outlaw)

'Louis' had another bumper year with horses both in the Show ring and out eventing. He sired the Bramham International Event Foal Champion for the third time in 4 years(!), as well as winners in both the show ring and out eventing.

Shudehill Bertie Res Champion at HOYS

Shudehill Bertie bred by Dave Bull, owned by Heather Williams and ridden by Kate Nicholson stood Reserve Champion Ladies Side Saddle at the Horse of the Year Show capping off a great season which also saw wins with Kate's husband Magnus in Lightweight Hunter classes.

Rob Walker's **Tell Me Another** bred by Cathy Wood and owned by Jill Day took the Open Hunter Championship at Onley, showing under saddle the promise he displayed when standing Price Family In Hand Supreme Champion at HOYS.

Karen and Graham Brooks CCI4* eventer **Unis Midnight Illusion** ridden by Michael Owen jumped double clear in the OI at Osberton to take the win.

His youngstock continue to impress with Claire Wright's **Bassymoor Queen's Image** taking the win in the hotly contested Bramham International Event Horse Breeding Championship Foal Class. Future Illusion's foals have won this class in 3 of the last 4 years it's been held, which is a wonderful accolade for him.

Congratulations to the connections of all the horses that have seen success this season and apologies if we didn't manage to squeeze you in here!

Foals, Youngstock and Broodmares

“A horse gallops with his lungs, perseveres with his heart, and wins with his character”

Federico Tesio

(widely regarded as one of the most important breeders of thoroughbreds in history)

We believe that by breeding from families saturated with damline performance in particular, there is a higher than average probability that their offspring will inherit the DNA for the physical *and* mental performance attributes, because they have already been shown to be reliably passed from generation to generation.

This year's foals thankfully arrived smoothly and we had eight foals –
 A filly by Future Hepsilon x Future Panache (Herald 3 x Hand In Glove xx)
 A colt by Donthargos x Future Guilty Secret (Cantoblanco x Primitive Proposal xx)
 A filly by Contendro I x Future Heresy (Black Jack x Heraldik xx)
 A filly by Donthargos x Santiago Bay (Ars Vivendi x Aldatus Z x Sky Boy xx)
 A colt by Donthargos x Santiago Bay (Ars Vivendi x Aldatus Z x Sky Boy xx)
 A filly by Future Guilty Pleasure x Iniki (Contendro I x Indoctro)
 A colt by Contendro I x Future Golden Glove (Hand in Glove xx x Golden Heights xx)
 A filly by Amiro Z x Future Cadence (Grafenstolz x Ben Faerie xx)

We have a selection of broodmares and youngstock available from foals to 3 year olds – all details are available on our website -

We find the British Breeding Futurity Series is a great yardstick to help independently review the quality of the stock that our breeding programme is producing. From nearly 70 eventers from foals to 3 year olds evaluated this year...

- ★ 5 of the Top 11 Eventers across ALL ages were by FSH stallions or bred by FSH (45%)
- ★ 8 Section Titles were won by Eventers sired by our stallions with multiple Elite awards
- ★ The 3rd and 6th Highest scoring Eventers across ALL ages were sired by Future Guilty Pleasure

- And from a personal FSH perspective...

- ★ 3 of the Top 10 Eventers across ALL ages were bred by FSH (30%)
- ★ FSH had more horses in the Top 10 of a discipline than any other breeders in any discipline

Bassymoor Fantasy

Bramham International Horse Trials is another great opportunity to view some of the best youngstock hosting the prestigious Event Horse Breeding Championships. We were delighted that our clients had some great results with stock by our stallions taking ribbons in every age class. Star of the day was Foal Winner **Bassymoor Queen's Image** (by Future Illusion) bred by Claire Wright. This foal is a full sibling to the 2022 Foal Winner **Bassymoor Fantasy** – congratulations Claire!

We are very grateful to our wonderful clients for choosing our stallions to breed their really exciting young prospects and for making the effort to take them out and present them so successfully. It's always so uplifting to hear about your adventures.

We are looking forward to another exciting crop of foals arriving in 2025:
